ACCOUNT SETTINGS:

The screenshot shows the IBM Cloud Account Settings page in a web browser. The browser's address bar displays the URL `cloud.ibm.com/account/settings`. The page features a dark sidebar on the left with a menu containing the following items: Account, Account resources (with a sub-menu for Resource groups, Cloud Foundry orgs, Licenses and entitlements, Tags, and Dashboards), Account settings (highlighted), IBM Cloud Shell settings, Notification distribution list, Classic infrastructure (with a sub-menu for Subscriptions), and Audit log. The main content area is titled "Account settings" and includes the following information: "Account" (KUPPASWAMY MEGHANA's Account with an edit icon and ID: 85488964308d4e75a82b23b20f57caf7), "Account Type" (Trial (Free) with 50 days remaining in Trial), and "Account upgrade" (Pay-As-You-Go). The upgrade section explains that adding a credit card unlocks the full power of IBM Cloud with a Pay-As-You-Go account, while maintaining eligibility for free runtime and service allowances. A blue "Add credit card" button is prominently displayed. At the bottom of the page, a "Subscription" section is partially visible. The browser's taskbar at the bottom shows various application icons and the system clock indicating 15:35.
